Innovation: We stay ahead of industry trends, continuously adopting new methods and technologies to provide cutting-edge solutions.

Customer Focus: We are dedicated to meeting our clients' needs, offering personalized service and support to ensure complete satisfaction.

Mission Statement:

At ZAM ZAM, our mission is to provide exceptional mechanical pipeline solutions that enhance operational efficiency and sustainability. We strive to be the trusted partner for our clients, delivering value through innovation, quality, and a steadfast commitment to safety.

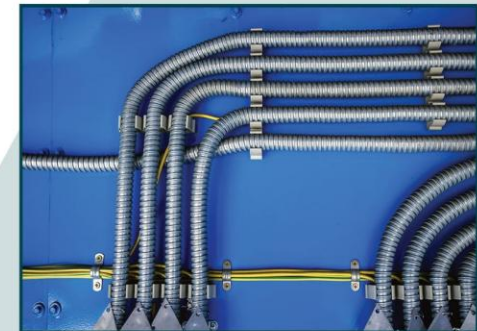

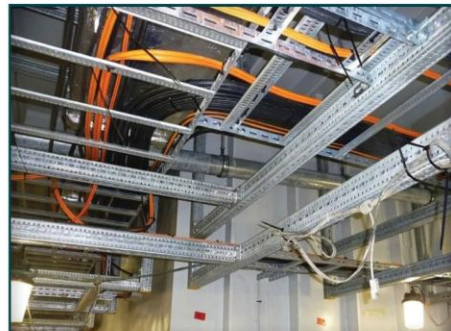

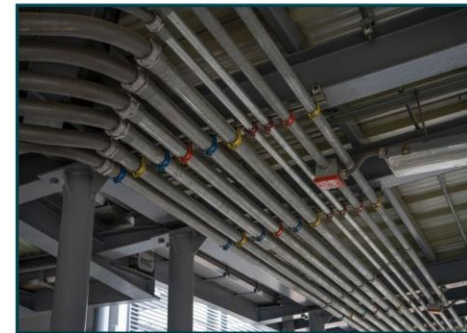

ELECTRICAL

Our team of dedicated professionals combines decades of industry experience with a passion for delivering superior results. From residential wiring to complex industrial projects, we specialize in designing, installing, and maintaining electrical systems that meet the highest standards of safety, efficiency, and reliability..

Our values

- Quality and safety first
- Monitoring continuous improvement through learning and development
- Innovation and creativity in solving problems
- An empowered, committed and motivated workforce.

FIRE FIGHTING TECHNOLOGY

Firefighting technology includes various tools & systems designed to detect, prevent, and combat fires more effectively and safely. Key areas include:

Detection and Prevention

Smoke and Heat Detectors: Detect signs of fire & alert occupants.

Sprinkler Systems: Automatically discharge water or foam to control fires.

Fire Suppression Systems: Use foam, gas, or water mist to extinguish fires without causing extensive damage.

Active Firefighting

Fire Engines and Trucks: Equipped with water tanks, hoses, ladders, and pumps.

Personal Protective Equipment (PPE): Includes flame-resistant gear, helmets, and breathing apparatus.

Robots and Drones: Assist in hazardous environments and provide aerial views for better strategy.

Fire Extinguishers: Different types for various classes of fires (water, foam, CO2, dry powder).

ARABIAN RACKS

The Racking system has been ingeniously designed and can be installed quickly and easily with minimal disruption to your business. Additionally, all our racking and shelving systems have a superior iron phosphate surface Pre-treatment, as well as a baked epoxy powder painted finish, to prevent rust. We offers a unique, free design service to help our clients make the most out of their storage capacity.

One of our qualified consultants visits your premises, takes measurements and advises you on different storage methods and options available. They then provide a comprehensive Computer Aided Design (CAD), layout drawing, and quotation for your approval.

We offer a wide range of products that include:

- Racking with light/medium/heavy duty racking systems
- Racking all-steel fully-adjustable shelving
- Racking raised storage area platforms / mezzanine floors
- Racking steel gondola/supermarket shelving
- Racks for library shelving

IONIC KITCHEN

Ionic kitchen has realized that a kitchen should be a source of comfort & happiness same as other parts of a house. Therefore, we have established a principle of the necessity of matching the kitchen with the human not the opposite; based on that, we have taken into consideration, that every single product is manufactured based on that simple principle and this product must match that principle which is required by almost all ladies. Although this principle looks very simple but at the same time it is full of challenges in order to always be able to offer the useful, modern, high quality and stable performance. This triggers Ionic kitchen to achieve innovative solutions translating the priority of smooth movement realizing the given space offering practical kitchens with attractive designs having plenty of details that offers almost everything.
